11:45am - 12:05pm	CODIS NDIS Updates Lisa Grossweiler, FBI	
12:05pm - 1:30pm	Lunch	Nelson Wolff Exhibit Ballroom
1:30pm - 1:50pm	The Robots are Taking Over: How AI Can Help Us Analyse Forensic DNA Profiles Meng-Han Lin, Institute of Environmental Science and Research (ESR)	Grand Oaks Ballroom G-M
1:52pm - 2:12pm	Guidelines for Establishing Forensic Investigative Genetic Genealogy Programs Ray Wickenheiser, New York State Police Crime Laboratory System, Retired Dr. Claire Glynn, University of New Haven	
2:15pm - 2:35pm	2024 IGG Update: FBI Perspective Amy Whitman, FBI	
2:35pm - 3:00pm	Using Investigative Genetic Genealogy on a Pair of Wrongful Conviction Cases Out of Wisconsin David Gurney, Cairenn Binder, Ramapo College of New Jersey James Mayer, Great North Innocence Project	
3:02pm - 3:27pm	Decapitation in the Dakotas Anjali Ranadive, SciLaw Forensics Ltd.	
3:30pm - 5:30pm	ODD Numbered Poster Presentations and Break with Exhibitors	Nelson Wolff Exhibit Ballroom
6:00pm - 8:00pm	Young Scientists' Showcase Moderator: Kofi Afrifah, Bowie State University	Grand Oaks Ballroom EF
6:00pm - 8:00pm	QIAGEN Vendor Showcase: Discover NGS and FIGG Breakthroughs at ISHI 35	Grand Oaks Ballroom ABC

Wednesday, September 25th

7:00am - 8:45am	Promega Vendor Showcase: Advancing Forensic DNA Workflows: Innovations in STR Data Analysis using GeneMarker®HID for Spectrum CE Systems and STRmix™	Grand Oaks Ballroom ABC
7:00am - 9:00am	NicheVision Vendor Showcase: NicheVision's 2nd Annual ISHI Breakfast for Champions	Grand Oaks Ballroom D-F
7:30am - 9:00am	Continental Breakfast with Exhibitors	Nelson Wolff Exhibit Ballroom
9:00am - 10:15am	Panel: Disaster Victim Identification <ul style="list-style-type: none"> • Mark Desire, New York City Office of Chief Medical Examiner • Kimberly Gin, Coroner, Sacramento County, Retired • Nir Adam Sharon, State of Israel Ministry of Health • Stephanie Stoiloff, Miami-Dade Police Department 	Grand Oaks Ballroom G-M
10:15am - 10:45am	Break with Exhibitors	Nelson Wolff Exhibit Ballroom
10:45am - 11:05am	A New Amplification Technology to Simplify STR Analysis David Mokry, Promega	Grand Oaks Ballroom G-M
11:08am - 11:28am	Implementation and Trial Preparation Considerations: A Case Review of the First Successful NGS Admissibility Hearing in the US Mandi Van Buren, DNA Labs International	
11:30am - 11:50am	Identifying the Sugar Land 95: Reestablishing the Identity of the Victims of the Convict Labor Leasing System Meradeth Snow, University of Montana	
11:55am - 1:15pm	Lunch	Nelson Wolff Exhibit Ballroom
1:15pm - 1:35pm	Rapid DNA Update Douglas Hares, FBI	Grand Oaks Ballroom G-M

1:40pm - 1:55pm	Remote Control of Rapid DNA Analysis in Overseas Territories: The French Gendarmerie Experience Sylvain Hubac, Forensic Science Institute of the French Gendarmerie	
1:57pm - 2:17pm	Identifying the Indianapolis Slasher: A Cold Case Almost 50 Years in the Making Cristina Servidio, DNA Labs International	
2:19pm - 2:39pm	The Chimera Effect – as if DNA Interpretation Wasn't Challenging Enough Julie Sikorsky, Palm Beach County Sheriff's Office	
2:41pm - 4:45pm	EVEN Numbered Poster Presentation and Break with Exhibitors	Nelson Wolff Exhibit Ballroom
6:30pm - 11:00pm	Knibbe Ranch Offsite Dinner Event	Buses begin staging at 5:30pm at JW Marriott

Thursday, September 26th

8:00am - 9:30am	Continental Breakfast with Exhibitors	Nelson Wolff Exhibit Ballroom
9:30am - 9:50am	Operationalisation of an Enhanced DNA Analysis Workflow to Aid in the Resolution of Unidentified and Missing Persons Cases in Australia Kelly Grisedale, Australian Federal Police	Grand Oaks Ballroom G-M
9:52am - 10:12am	Implementing a Nationwide Strategy for the Forensic Identification of Missing and Murdered Indigenous Peoples in the United States: Successes and Challenges Mark Pooley, Dr. Michael Coble, The University of North Texas Health Science Center's Center for Human Identification	
10:15am - 10:35am	Artificial Intelligence and Machine Learning: The Future of Forensic Investigative Genetic Genealogy Isak Bosman, Stephen Busch, Indago Solutions, LLC	
10:37am - 10:52am	Whole Genome Mixture Deconvolution with Demixtify August Woerner, The University of North Texas Health Science Center's Center for Human Identification	

10:55am - 11:10am	Break	
11:10am - 11:30am	Tiger Slaughterhouse: DNA Identifications Against Illegal Animal Trade in Europe Daniel Vanek, Institute for Environmental Studies, Charles University	
11:32am - 11:52am	A Likelihood Ratio Framework for Evaluating the Statistical Strength of Body Fluid Identification Using Protein Markers Erin Butler, New York City Office of Chief Medical Examiner	
11:55am - 12:15pm	Sexual Assault Kit Analysis - Probative Value of Non-Traditional Evidence Brittney Svoboda, CCRFSL, CCMEQ	
12:17pm - 12:37pm	Touch DNA in Activity Level Propositions: Was it a Primary or Secondary Transfer? Ashley Hall, University of California Davis Ray Wickenheiser, New York State Police Crime Laboratory System, Retired	
12:39pm - 12:50pm	Closing Remarks, Conference Concludes	
1:30pm - 4:30pm	Engaging Collaboration: How to Further Cold Cases with Advanced DNA Approaches	Grand Oaks Ballroom AB
1:30pm - 4:30pm	Practical FIGG Casework Bioinformatics for the Forensic Practitioner	Grand Oaks Ballroom E
1:30pm - 4:30pm	Expert Witness Testimony and FIGG	Grand Oaks Ballroom CD
1:30pm - 4:30pm	Technical Leaders Meeting	Grand Oaks Ballroom F
